FAQ

What is the difference between medals and awards?

Medals will be awarded to any beverage that meets the various rating thresholds required for Platinum, Double Gold, Gold, or Silver. Awards will be given to the overall winner of each flavor competition, as well as the overall winner of each 'Best Of' category.

Why are you offering an early bird discount?

The early bird discount is practical for both Seltzer Nation and for you. We are expecting a large volume of entries, and this extended deadline will allow our team more time to test and review all submissions.

We have a very unique flavor combination. Which flavor category should we select?

As long as one of the flavors in your combination matches a flavor category, you can choose that flavor. If none of your flavors match a flavor category, please choose the "other" flavor category.

How many cans do we need to submit for each entry?

Please send us at least 3 cans for every entry. Please exercise care when submitting your cans to avoid potential damage in transit.

Do we need to include additional paperwork with our shipment?

As long as your online entry matches the naming convention/branding of your beverage packaging, there is no need to include additional paperwork with your shipment.

Where do we send our product submissions?

Please send your submissions to:
